DANGEROUS GOODS OPERATOR (AIRLINE) APPROVAL

APPROVED TO CARRY:	Lithium Ion Batteries between 101-160Wh and up to Two Spares for Portable Electronic Devices (excluding Power Tools)
APPROVED PASSENGER:	Authorised Representatives of the Australian Cinematographers Society
APPROVAL NUMBER:	GDG004.16
APPROVED PERIOD:	1st January 2016 to 31st December 2016

The bearer of this document, travelling on Qantas/Jetstar Group aircraft, has been issued operator (airline) approval to carry lithium battery powered equipment, including up to two spare batteries provided the following are met.

CARRIAGE REQUIREMENTS (will be verified at the time of Check-In)

Portable Electronic Devices

1. The ON/OFF switch on all devices must be protected from turning on e.g. taped
2. Devices are permitted in checked or carry-on baggage.
3. You must present this approval whenever you check-in.

Spare Batteries

No more than two spare batteries between 101-160Wh are permitted per passenger.

1. All the terminals must be individually protected from short circuiting e.g. taped, individual plastic bags etc.;
2. Spare batteries are only permitted in carry-on baggage.

NOTE: The carriage of lithium ion batteries under 101Wh do not require an approval and are limited to personal use amounts.

It is the sole responsibility of the passenger travelling to ensure any additional international/national requirements and any other operator (airline) approvals are obtained prior to travel.

Enquires may be directed to Group Dangerous Goods.
